THE EVENING WORLD.—The greatest newspaper in America, the New York World, has taken what was well nigh impossible—another step in advance. The first number of its evening edition was printed Monday, and appears to be a most creditable child from a glorious parent. The new evening paper merits the approval of everybody. Its edition the first evening comprised over 111,000 copies.

[Westport (N. E.) Cayuga Chief.] The New York WORLD evidently wants the earth and the fulness thereof. Not content with the great specess that has crowped his efforts in pushing his morning edition to the very front rank of cosmopolitan newspapers, its untiring proprietor this week brought out the EVENING WORLD. It was a success from the first. People clamored for it, jostled each other for it, fought for it, till its first edition reached the unprecedented number of 111,400 copies. It is neatly gotten up, is chock-full of news, with a sprinkling of spicy editorials, by able journalists, and is sold at the ridiculously low figure of one cent per copy, or \$3,56 per year. One boom and why the public greet its every issue, is its feariess independence, never hesitating to attack and expose iniquity, be it however strongly intrenched. Europe of the persons most interested in the Amatter, the rumored engagement of Mr. Edward J. The marriage of Mr. Ovington and Miss Maize

has just taken place at Louisville. A larger or more brilliant wedding has not been seen at Louisville for years. The only bridesmaid was Miss Ovington, a daughter of the groom, and the fiancée of Mr. Nathan Appleton, of Boston. They all returned to this country in the middle of September from Europe, preferring to have the marriage take place here. The wedding gown was a marvellous creation of Worth, with panels of embroidered silver on white satin, with V-shaped corsage back and front. A tulle veil was selected as more becoming to the youthful beauty of the bride, who is only just twenty years of age. A bouquet of orange blossoms was carried. The diamond ornaments worn were the gift of the groom. The reception was at the home of the bride's parents, Col. and Mrs. Maize, which was gayly decked with flowers. The father of the bride, Col. RUMBLINGS OF THE CAMPAIGN.

The Tammany Hall and County Democracy conventions convene this evening. It looks very much as if Judge Power and commissioner Purroy are at loggerheads. The County Democracy and Republican Senatorial conventions are billed for to-night. Capt. James C. Cosgrove, is mentioned as a Tammany Hall candidate for Senator in the

Eleventh District.

The Republicans will probably nominate o-night ex-Fire Commissioner Cornelius Van Cott for Senator of the Eighth District. The leaders of Tammany Hall and the County Democracy will have a hard time in harmonizing the feuds and jealousies in many of the Assembly and Senatorial districts.

The Republicans have nominated the following candidates for Civil Justice: Third District, George B. Deane, jr.; Fourth, Henry C. Botty; Seventh, J. C. J. Langbein; Fighth, Arthur D. Williams; Eleventh, Ezekiel R. Thompson.

The Wigwamites of the Fifteenth District are angry. They have heard that the County Democracy is to name the Civil Justice candidate in the Eighth Judicial District. The Tammany Hall choice is Joseph H. Stiner. John Joralemon is the County Democracy favorite.

County Democracy favorite.

Irving Hall has declared war against Tammany Hall and the County Democracy. Its County Convention has appointed a committee to select a County and Judiciary ticket. Irving Hall would like to see Tammany Hall and the County Democracy disagree on a union ticket. "If the harmony business breaks up in a row," said Nick Haughton, "what big people we Irving Hall fellows would be."

Marriage Certificates to Be Engraved. A well-known downtown engraver is getting up new engraving for marriage certificates, intended to be filled out, framed and hung up in the same way that the ordinary lithographed forms are at the present time. The design for the new form will be elegant and elaborate, and will be printed, on thick, heavy bond paper that will render it easy of preservation. The styles in use now are nearly all ordinary lithographs, some in colors, and some printed in imitation of steel engravings. There is a demand, however, for something more elegant.

One of the biggest catches that the Fulton Mar-

They were captured by Fisherman Dick Sweetser in a run up the Long Island coast.

A SUCCESS SCORED BY A DEBUTANTE IN " INGOMAR."

Miss Marlowe's Impersonation of Parthentat a Matines at The Bliou-Clara Morris Entertains an Audience at the Grand Opera House with "Rence"..." Held by the Enemy" Enjoys a Unique Distinction,

HE young dramatic debutante loves to inflict long-suffering audiences with "praiseworthy" impersonations of Juliet, or Marguerite Gautier, or Rosalind, on the principle, it is to be presumed, that fools rush in where angels fear to tread. Such debutantes do not hesitate to court comparison with the finest actresses on the stage. It is surprising, therefore,

but it is none the less

a matince at the Bijon Opera-House, scored an undoubted success. In fact, charming was the personality of this young girl, and so naïvely pretty was her interpretation of Parthenia's rôle that the audience remained seated until the end of the hackneyed play. Miss Marlowe, who cannot be more than nineteen years old, is a dainty little woman, with large, lustrous eyes, a shapely head and a bright, intelligent, though not strictly pretty face. It seemed impossible to imagine that she was a novice. Her acting was finished, her gestures absolutely without awkwardness and her voice clear and true. Miss Marlowe had everything against her, but the principal disadvantage against which she struggled was a ghastly, awe-inspiring company. With the exception of Frank Evans, as Ingomar, Miss Marlowe's company was absolutely worthless. Mr. Leelie Allen gave a ridiculous impersonation of Myron, and of this young girl, and so naïvely a ridiculous impersonation of Myron, and looked more than grotesque in his soiled tights and absurd tunic, while Miss Waldron, as Theano, was equally laughable. But Miss Marlowe achieved a wonderful success, not

"Renée" was the name of Clinton Stuart's adaptation of D'Ennery's "Martyre," produced at the Grand Opera-House last night with Miss Clara Morris in the title rôle. The big theatre was crowded and the audience wept itself red-nosed at Renée de Moray's martyrdom. Miss Morris had scope for all her peculiarities and she availed herself of it. Strange intonations, hysterical laughter, and bursts of tears were never more realistically bursts of tears were never more realistically

When "Held by the Enemy" has been produced at the People's Theatre next Monday week, it will enjoy the distinction of having been given at three New York Oity theatres by three distinct companies within three months. One company played at the Star Theatre four weeks ago and another is at the Harlem Theatre Comique at the present time.

"The Still Alarm," erroneously reported to be lying up for two weeks, has booked time for the whole season. It is one of the most popular plays produced this season, and Mr. Jo Arthur, the dramatist, is unable to answer all the applications for it from managers in the South and West.

bursts of tears were never more realistically given nor more enthusiastically received. Mr. Stnart's adaptation is not a good one. He has to learn that "Mon dieu!" one of the most common exclamations used by the French, does not mean "My God!" in English. It has absolutely no more depth in it than our "My goodness!" or "Good heavens!" There are other similar errors of translation. Miss Morris's support was passable. Mrs. Octavia Allen was excellent as Mme. de la Marche, but Miss Lilla Vane as Cecile was too guttural and Mr. Graham as the Count de Moray too wooden. To-morrow, at the matinée and evening performances, Miss Morris will appear in "Alixe," an adaptation of "La Comtesse de Somerive."

The fiftieth performance of "The Arabian Nights" will be given at the Standard Theatry Tuesday night. On the following Saturday the burlesque will be seen for the last time at the course.

WARHINGTON, Oct. 21 .- The President will be back at the White House again to-morrow, barring accidents. His train is due to arrive early in the morning. This is the time he planned to return when he left Washngton Sept. 30. The schedule arranged

before the President's departure has been followed closely. The special train has been on time at nearly every point, which is regarded as somewhat remarkable in a journey of this character and length.

The fact that the President left on Friday led many supersitious people to predict that he would have bed luck before his return, but their predictions have not been realized. The rain at Atlanta was about the only unpleasant incident of the President's trip.

There will be no demonstration on the return of the President's party here. There was some talk a day or two ago of getting up a celebration in honor of Mr. Cleveland's return to the national capital, but it met, with no encouragement from the President and has been abandoned. The movement was started by a number of officials and office seekers. Mr. Cleveland sent word, it is understood, that he would be better pleased to have no demonstration on his return. He has grown weary of public receptions and will gladly welcome the seclusion and privacy of the Executive Mansion.
